

REV CLASSIC

The time-tested REV Classic is Alltite's most reliable and universally utilized pump. Electrically powered and completely portable this pump offers the best weight to performance ratio in the industry. Trusted universally throughout industries including construction, oil, pipeline, and wind, this pump is preferred because of the heavy duty design, affordability and ease of maintenance. Available with low voltage option with a minimum of a 10-foot motor control.

PERFORMANCE

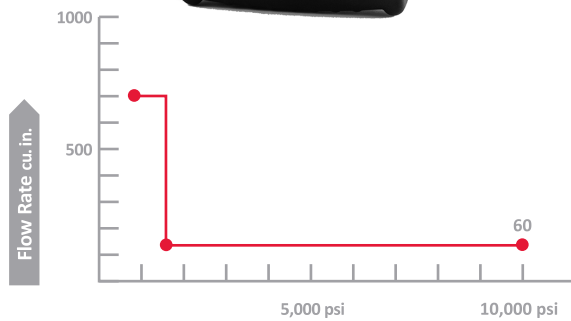

- Two-speed high performance pump
- External adjustable pressure regulator
- Can be used for single or double-acting tools
- Four-tool manifold allows for use of up to four tools simultaneously (PE55-4)
